➤ GSA Small Business GWAC Division

- 8(a) STARS 2
- Alliant Small Business / Alliant 2 Small Business
- VETS / VETS 2

➤ Enterprise GWAC Division

- Alliant / Alliant 2 GWAC

What is a GWAC?

A Governmentwide Acquisition Contract (GWAC) is defined as a <u>task</u> or delivery order contract for information technology.

➢ Established by one agency for governmentwide use

➢ Pre-competed, multiple-award, indefinite delivery, indefinite quantity (IDIQ) contract

➢ Operated by an executive agent designated by the OMB

Federal Acquisition Service

GSA Small Business GWAC Division

➢ Develop, award and administer new small business GWACs

➢ Ensure contract compliance

➢ Conduct outreach and education to customers and industry

➢ Encourage small business set-asides

GWAC Features

➢ **Streamlined** — GWACs are pre-competed contracts offering a full range of contract types (all types of fixed-price, cost-reimbursement, labor-hour, and time-and-materials) to make procurement planning easier.

➢ **Flexible** — facilitate a total integrated solution on a single task order by providing access to ancillary support, such as products and services that are integral and necessary to an IT effort.

➢ **Socioeconomic Credit** — Small Business GWACs provide agencies with access to highly qualified small businesses and associated socioeconomic credit.
